DAVIESS COUNTY TAXPAYERS SEEK REFUND FROM SHERIFF

Ask Payment of \$22,500 Alleged
Paid Him in Excess of Legal
Compensation

Owensboro, Ky., Dec. 4.—Motion was made in fiscal court Saturday morning, and in county court, by County Attorney H. A. Birkhead and eighteen taxpayers of Daviess county, represented by T. F. Birkhead, to start proceedings to have Sheriff George Bales refund to the county treasurer approximately \$22,500, alleged to have been paid to him in excess of the constitutional compensation allowed to his office.

The eighteen taxpayers signing a petition to that effect are Drury Smeathers, Ben J. Head, F. P. Duncan, T. F. McIntyre, G. H. Baker, L. Riddle, A. M. Roberts, Allen Reid, William Reid, J. F. Heard, H. L. Pickrell, W. H. Duncan, Joe A. Thomas, W. D. Pierce, R. I. Knott, R. B. Moorman, W. F. Robinson and J. C. Elliott.

In the petition, which was tendered by Hon. T. F. Birkhead, attorney for the petitioners, it is set out that George W. Bales was duly elected, qualified and acting sheriff of the county under election in November, 1917. He took charge of the office in January, 1918.

Allegations Made
Sheriff Bales is alleged to have collected in commissions on taxes for the county of Daviess, school taxes and back taxes, together with fees for waiting on the various courts of the county as well as for serving processes coming into his hands for the state of Kentucky and individuals an amount in excess of \$10,000, after having paid his deputies and necessary expenses of conducting his office. The same allegations virtually are made relative to the years 1919 and 1920. In all it is averred the excess collections will amount to \$7,500 for each of the three years.

The section of the constitution, which allows compensation to officers of the commonwealth not to exceed \$5,000 per annum, with the exception of the governor, is cited and relied on as the basis for asking that the excess amount be refunded to the county treasury.

Settlement Was Accepted
The petition recites that for each of the three years in question the fiscal court designated Guy A. Aull as a special committee of the court to make settlement with the sheriff. Mr. Aull's settlement was accepted by the court and approved and the sheriff granted a quitclaim. This settlement, it is charged, was erroneous and should be set aside and the same surcharged against the sheriff for each of these three years.

The motion is that the fiscal court authorize and direct the county attorney of Daviess county to surcharge said settlements for said years and to correct them, and to require the sheriff to pay into the treasury for each of the years the excess revenue and fees retained by him which belong to Daviess county, in excess of \$5,000 for each of the years.

MR. AND MRS. R. B.

MARTIN ENTERTAIN

Mr. and Mrs. R. B. Martin entertained at six o'clock dinner, at their home on Clay Street, Tuesday evening. An elegant and well arranged repast was enjoyed by the following guests: Judge Robert W. Slack, Judge Mack Cook, Commonwealth's Attorney C. E. Smith, Messrs. E. G. Barnes, S. O. Keown, W. S. Tinsley and Mr. and Mrs. Otto C. Martin and children.

Those present appeared to be in a reminiscent mood and the time until 9 o'clock was pleasantly spent in listening to conversations of that character.

Under slack command, special attention was given to the guests.

MRS. LUCY A. KLEIN DIES IN INDIANA, BURIAL HERE

Mrs. Lucy A. Klein, widow of the late John M. Klein, died at the home of her nephew, Mr. John W. Lawton, in Vincennes, Indiana, last Tuesday about 2:30 p. m. Mrs. Klein went to visit Mr. Lawton about three months ago and shortly thereafter was stricken with jaundice which toward the last was complicated by an attack of pneumonia, resulting in her death. After funeral services at Vincennes, her body was brought to Hartford, arriving at 2:20 Thursday afternoon, accompanied by her son, Mr. George L. Klein, of Quincy, Ill., and other relatives. After a short burial service at the graveside conducted by Rev. T. T. Frazier, of the Methodist Church, of which Mrs. Klein was a member, her spirit's mortal casket was laid away in Oakwood Cemetery beside the graves of her husband and son.

Mrs. Klein was a daughter of Charles J. Lawton and Lucy Ann Perkins, deceased, and was a native of Hartford, having been born here on August 26, 1841. Her father was one of the most prominent citizens of the town in his day, having been police judge, master commissioner and postmaster. Her mother was a native of Warren county. Mrs. Klein's husband was a leading business man and exemplary citizen. For years and until his death in the 90's, he was a member of the firm of Klein Brothers, tinners and dealers in hardware. Mrs. Klein herself was the center of a large circle of friends, while a resident of Hartford, who cherish her memory. She was a consistent Christian, and a devoted wife and mother.

She is survived by one son, Mr. George L. Klein, of Quincy, Ill., with whom she had made her home for a number of years, and one sister, Mrs. Bettie Klein, of Carlisle, Ind., besides a number of grandchildren, nephews and nieces. In addition to her son the following relatives were present at her burial: Her granddaughter, Mrs. T. W. Spain, and Mr. Spain, grandsons, Messrs. Haswell and Earl Collins, and the latter's wife, all of Glenview; and her nephews, Messrs. John W. Lawton, of Vincennes, Ind., and J. P. Lawton, of Central City. The Herald joins the many local friends of the departed in extending most sincere sympathy to the bereaved family.

OFFICIAL RETURNS FOR SIXTH JUDICIAL DISTRICT

Frankfort, Ky., Nov. 30.—Returns having been received from McLean county, the races were completed in the Sixth judicial district races, showing the Democrats winners in each race, as follows:

Sixth Judicial District			
	Wilson	Slack	
Daviess	7,568	7,240	
Hancock	1,353	1,472

Next to Post Office. 48-2t

The local Methodist Sunday School makes the following report for last Sunday: officers and teachers present, 17; scholars present, 91; total collection, \$5.89; largest collection, W. H. Barnes' class; new scholar, Miss Lucile, Westerfield in Miss Amelia Barnett's class.

Mr. Virgil Stater, of Livermore, was the week-end guest of his sister, Mrs. Charlotte Taylor, and niece, Miss Mamie Bennett. Mrs. Taylor has been considerably indisposed for several weeks, but her many friends will be glad to learn that she is now much better.

Capt. John G. Keown, of Evansville, Ind., representing the M. C. Bowser Co., of Fort Wayne, Ind., spent a few days here last week in the interest of his company and visiting relatives and friends, and went to Elmhurst Thursday to make a short visit with his sister.

Bro. William Savage, pastor of the local Christian church; Mr. Lorenza Bennett, Mrs. Clarence Robinson and baby and Miss Lorena Harrison, of the Barrett's, Perry community, were guests of Mr. and Mrs. L. G. Barrett, Monday night.

Among those who have renewed their subscriptions to The Hartford Herald within the past week are Lee Tichenor, Ceralvo; S. R. James, Centertown; Mrs. Mary B. Wilson, Olanton, R. F. D. No. 1; C. P. Brown, McHenry, R. F. D. No. 1; L. E. Evlerley, Centertown, R. F. D. No. 1;

F. C. Bennett, Hartford, R. F. D. No. 3; J. A. Tichenor, Beaver Dam; M. H. Carnahan, Equality; J. W. Ross, Drakesboro.

A fair sized audience greeted the Bethel College Glee Club, which entertained under the auspices of the P. T. A. at the school building Monday night. While the entertainment did not fully meet the high expectations of the audiences, yet on the whole it was very good and those present spent a very pleasant evening.

MAY PROBE STANDARD OIL IN KENTUCKY

Frankfort, Ky., Dec. 1.—Investigation of the Standard Oil Company of Kentucky under anti-trust laws of the State may follow similar investigation announced by the Indiana authorities, Attorney General Charles I. Dawson said today. When his attention was called to a published statement of an investigation in Indiana, the Attorney General wrote the Attorney General of that State to ascertain what facts he may have. He has not received an answer.

The Indiana investigation is said to be based on a rate war by which the Standard Oil Company is said to squeeze independent retail sales agencies by bringing up the whole-sale price to a point which is said to leave a margin too narrow for sales agencies other than the company's own retail filling stations to operate at a profit.

Other oil companies, it is said, are not able to supply all these independent agencies, such as drug stores, garages and accessory dealers who may have tanks for customers' benefit, and, being unable to operate profitably on the margin allowed by the Standard, have discontinued business.

This has been noticeable in this State with the recent increases in the price of gasoline, which has jumped by degrees from 20 to 24 cents in the last few months.

ROCKPORT P. T. A. CELEBRATES THANKSGIVING

The Parent-Teacher's Association spent a very pleasant as well as a very profitable Thanksgiving, in Rockport. The day was celebrated by a real Thanksgiving dinner, consisting of turkey and everything good. In spite of the steady rain and rather unfavorable weather, there was a splendid throng of well-satisfied persons who left the door, and the sum of \$106.00 was realized. Not only Rockport, but Paducah, Beaver Dam, Morgantown and several other places were also represented. Part of the proceeds was used to complete the building of a concrete walk and steps at the school-building, which has already proven itself worth while and almost indispensable. The funds for this walk were furnished by the P. T. A. and the greater part of the work was donated by the boys of the High School and the Grades, as well as some of the patrons. The work of each and every one is certainly very highly appreciated and the result of their labor will undoubtedly prove to be a great benefit to the school. The P. T. A. is not at all content to sit down and rest after having helped in the building of a walk, but will have some sort of pleasant entertainment for the citizens of Rockport and elsewhere during the holidays. Contributed.

CIRCUIT COURT

The principal business of the Court so far has been the consideration and disposition of criminal cases. The grand jury has returned eighty-three indictments to date, a large majority for violations of the liquor laws. A number of prosecutions on such charges have been called for trial, but, in most instances, a plea of guilty has been entered. Both the county exchequer and the jail bid fair to be considerably congested for some time to come. Public sentiment has aroused and co-operated with the officers with the result that bootleggers and moonshiners of the county are on the run or begging for mercy. We commend the court and the officers for the good record made this term. Let the good work continue. We will give in our next issue a more detailed summary of results.

10 PER CENT CUT APPROVED

Reduction Will be
tically All Farm
Orchard Pro

Washington, Dec. 6.—The railroad proposals for decrease in freight rates on all farm, range products in the United States of New England, today by the Interstate commission.

Orders were issued by the commission in making rate schedules.

The orders also provide to be put into effect notice for a six month period. At the commission left standing of October 20, requiring a 16 1/2 percent increase on grain, grain hay throughout the Mississippi district, which roads were later instructed into effect by December 1.

Substitute Suggested

The railroad executives suggested that the general cent decrease on agricultural products, which they should apply to the West and hay as well as to the commodities, and become for the 16 1/2 percent. No of this point was made in the commission today.

Railroads in New England where the final state is held not to justify a percent decrease, were given a mission to make such decrease found possible.

Further Steps Needed

While the commission all administrative barriers to ten percent decrease, it was out that further steps would be taken by the railroad to be taken before the lower rate actually comes into effect. The commission's failure to consider ten percent decrease on grain hay as a substitute for the reduction it previously had made, it was said, might bring about proceedings and conferences. At the same time the commission's investigation into the bleness of the general level of transportation rates in the United States will begin next week and railroads are disposed to their voluntary offer, the agricultural products left to adjudication in the ing.

PICTURE PUZZLE

Elsewhere in today's found a large advertisement ranging by the Louisville which will, no doubt, prove interesting for its readers. pecially for the little contest consists in ascertaining many objects or articles in nature start with the letter prizes are awarded to those the largest number. Those have already won liberal a result of competing in six tests and there is no reason some of the awards in this puzzle game should be to residents of this vicinity. how, there is nothing like Advertisement.

L. G. GANDY, SUPERINTENDENT BROADWAY MINING

L. G. Gandy, mine superintendent for the Broadway Coal Mine at Simmons, this County, died at home in Broadway Tuesday morning at 10 o'clock. Death was caused by injuries received from a fall from a mine car on June 1. His body being so crushed that complete paralysis of the lower part of his body resulted.

Mr. Gandy although a comparatively young man, had been a tender for the Company for some time.

The remains of the deceased taken early Tuesday morning for interment at W. Va., his former home for burial.

Mr. Gandy is survived by a wife and two small children.

Advertisers, Attention!

Dear Advertiser:—You are our best friends and we are deeply grateful for your patronage. In fact, we are willing to do anything in the bounds of reason to accommodate you, but some of you frequently fail to recognize the fact that it requires the force of a counter weekly six days hard work to get out each issue. It is often the case that an advertiser will wait until as late as Monday to hand in advertising copy that could have been ready by the previous Wednesday or Thursday. Please save our force, hours of over-work and at the same time aid us in preparing your advertisement to the best advantage by turning in your copy early.

HARTFORD HERALD--ONLY \$1.50 THE YEAR

KENTUCKY TURF'S GREAT PROGRESS

The Last Three Years the Kentucky Jockey Club Has Distributed in Stakes and Purses \$3,479,655.00.

THOROUGHBRED YEARLINGS INCREASE IN VALUE.

[From the Lexington (Ky.) Thoroughbred Horse.]

It will be of particular interest to the breeders of thoroughbreds in this State, and to those persons everywhere who own and race horses to review the situation in Kentucky and to show the progress that has been made in the last seventeen years. As the value of stallions and broodmares depends on the quality of their produce and the ability of that produce to win stakes and purses, a comparison of the present prosperous condition of the turf with other days when prices were low and breeders and turfmen everywhere had cause for complaint will be of value at this time.

Never in the history of the turf have thoroughbreds been so valuable as they are right now. The best barometer is the public market and the auction sales at Saratoga last August showed that, despite the general prostration of business, well bred horses with individuality brought the best average in many years. The highest price of the season at Saratoga was \$21,000 for the brother to The Porter. Several others were sold for more than \$10,000 each and a number of likely looking colts and fillies brought from \$5,000 to \$7,000 each. The market generally was steady and unspotted, which is to say it was stable.

The prices were based on the probable earning power of these colts and fillies, and if organizations like the Kentucky Jockey Club did not offer generous stakes and purses, it would not be so. Neither would it have been possible for S. C. Hildreth to have paid \$125,000 for the brother to Man o' War, \$150,000 for Icecube, or for Benjamin Block to have paid on a \$75,000 valuation for the mighty Morvich, or for a number of others to have paid the large prices given for horses with capacity to hold their own in contests on the turf.

Fifteen years ago it was no uncommon thing in Kentucky for turfmen to run their horses for \$400 purses. This year the Kentucky Jockey Club distributed in stakes and purses an average of \$12,000 a day to the turfmen; no purse at Churchill Downs or Latonia was under \$1,200, and many of them reaching \$1,400 and \$1,500 each. In 1907 the Kentucky Derby was worth \$4,850. Since the existence of the Kentucky Jockey Club, which was organized three years ago, the Kentucky Derby was worth in 1910 over \$20,000; in 1920 over \$30,000, and in 1921 the Kentucky Jockey Club added \$50,000 to the royal stake. All the other stakes on the roster of the Kentucky Jockey Club at Lexington, Churchill Downs and Latonia have been proportionately increased.

In the three years of its existence the Kentucky Jockey Club has distributed to the turfmen \$3,479,655, the greater part of which sum was paid to citizens of Kentucky who own and breed race horses.

Since the Kentucky Legislature in 1906 created the State Racing Commission, we have had cleaner and better racing than ever before, and since the organization of the Kentucky Jockey Club we have had an era of prosperity for breeders and turfmen unequalled in the turf history of this State.

Here are the official figures for the past seventeen years, from 1905 to 1921, inclusive:

1905—	Total number of racing days...155	Total amount of money distributed.....\$420,250.00	The highest purse given was \$750 and the lowest \$300, and the average was a little more than \$400 each.
1906—	Total number of racing days...174	Total amount of money distributed.....\$517,800.00	Purses averaged about \$450 each.
1907—	Total number of racing days...110	Total amount of money distributed.....\$362,350.00	Purses averaged about \$450 each.
1908—	Total number of racing days...111	Total amount of money distributed.....\$299,400.00	Purses averaged about \$450 each.
1909—	Total number of racing days...112	Total amount of money distributed.....\$249,900.00	Purses averaged about \$450 each, although this year purses at Lexington ran as low as \$250.
1910—	Total number of racing days...112	Total amount of money distributed.....\$316,550.00	Lexington purses ran as low as \$300, and the average for the whole circuit was \$450 each.
1911—	Total number of racing days...113	Total amount of money distributed.....\$388,350.00	Purses averaged about \$500 each.
1912—	Total number of racing days...109	Total amount of money distributed.....\$347,200.00	Purses averaged about \$500 each.
1913—	Total number of racing days...108	Total amount of money distributed.....\$444,900.00	Purses averaged over \$600 each.

"XMAS"

It has started again. A big mail order house in Chicago sends its customers an advertising notice of "an Xmas gift for the entire family." Children are writing letters to Santa Claus and each other telling what they want for "an Xmas present."

Now, abbreviations are all right in their place, and when properly used, but this is an abuse that makes a good many people squirm.

No objection can be made to writing the short form "Xmas" for "Christmas," if it is meant to be pronounced as "Christmas." There is indeed a peculiar fitness in this short form, because the "X" is not really the letter it appears to be, but is the Greek initial of the word "Christ," and therefore serves as a reminder of the great Founder of this festival. But why, in the name of either pure speech or the Christmas spirit, pronounce it "Xmas"?—Owensboro Messenger.

BALANCE IN STATE

TREASURY \$827,456

Frankfort, Ky., Dec. 1.—The balance in the State Treasury at the close of business November 30 was \$827,456.33, as follows: General expenditure fund, \$381,693.59; school fund, \$286,004.57; sinking fund, \$24,142.78; road fund, \$135,655.39. The outstanding interest-bearing warrants amount to \$7,115,056.48.

PONZI CREDITORS GET 10 PCT. FOR CHRISTMAS

Boston, Dec. 1.—The trustees of Charles Ponzi, having brought together the available assets of his defunct quick-rich scheme, announced today their intention to pay a dividend of 10 per cent to his many creditors for the Christmas holidays. J. A. Lowell, one of the trustees, indicated that the creditors, whose claims run into millions, might reasonably hope to get back 25 per cent.

MAMMOTH CAVE MUST BE GIFT TO U. S. IF IT IS TO BECOME NATIONAL PARK

Frankfort, Ky., Nov. 29.—If Mammoth Cave is to be made a national park, the project will have to be initiated in Kentucky and the property deeded to the Government, Albert Fall, Secretary of the Interior, informed W. R. Jilison, State Geologist, who has just returned from Washington.

Mr. Fall declared himself interested in the project, and would favor it, but he explained that most of the Government parks are in the West on land owned by the Government and its policy has not been to purchase land for reserves. Moreover, he said, the Government's experience with a few parks, within the boundaries of which private ownership of small tracts exists, has warned the department against a recurrence of them.

The Government undertakes to insure in letting concessions that adequate hotel accommodations and service in fireproof hotels, safe guides and good bus lines are operated. It protects the public against profiteering, unnecessary hazards and pillaging by its regulations, and insists on full control, wherever it establishes a park.

It should establish a park at Mammoth Cave, he assured Dr. Jilison, the Government would build fine roads, make a beautiful park of the grounds, light and police them and provide as good hotel as it found at any resort, and he believed it would bring millions of revenues annually to the State. He pointed out that unlike most Government parks, which are only seasonal, Mammoth Cave could be open the year round. The temperature in the cave is unvarying, summer and winter, and it can be visited at night as well as day.

AMERICANS ATTACKED IN VIENNA RIOT

Vienna, Dec. 1.—In the widespread rioting which took place in Vienna today, many Americans staying at the hotels were attacked and some of them were subjected to rough treatment.

Mrs. Hand, the wife of a colonel of the United States Army, and her daughter were robbed of furs and clothing, but on the same floor, Colonel Miller, U. S. A., and Mrs. Miller displayed the American flag and spoke English and the rioters withdrew from their room.

Of the hotels, the New Bristol and the Old Bristol suffered most. They were partly wrecked and were looted to the second floor.

Inquiries at the hotels disclosed that many guests were robbed of clothing and jewels, in some instances the jewels being torn from the ears.

Policemen Fail to Act
Seemingly the most rowdy elements swept through the inner city. They were joined by the worst criminal classes in committing all kinds of excesses.

At 7 o'clock tonight, the streets were quiet and further disturbances of a serious nature are not looked for.

The Associated Press correspondent asked one of a squad of policemen, who idly watched the wrecking of the Hotel Imperial, if there were not sufficient police to handle the situation. He replied: "We are tired of shooting and being shot. These rioters are hungry and desperate; so are many of us."

Luxury Shops Robbed
The disturbances were the most serious since the downfall of the monarchy. They spread throughout the inner city, and practically every unshuttered window was smashed. All the famous restaurants and hotels frequented by foreign visitors were entered, looted and partly wrecked, and the luxury shops robbed, while the police watched without interfering.

GERMANY RECEIVER IS ASKED FOR BY FRANCE

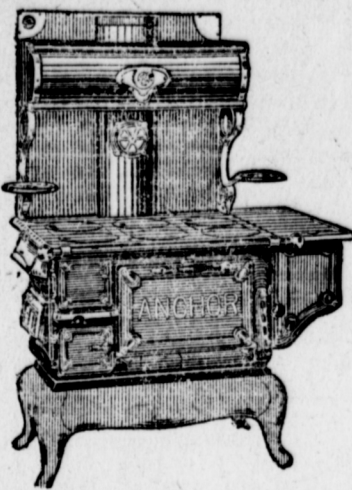

Paris, Dec. 1.—A receivership for Germany as a bankrupt, with an autonomous Rhineland, to be exploited by the Allies for reparations purposes is likely to be proposed by France as an alternative to any moratorium on reparations that may be suggested by Great Britain, it was said in official circles here today.

WOMAN LEGISLATOR PICKS SEAT

Frankfort, Ky., Dec. 1.—Seat No. 20, in the House of Representatives will catch the eyes of the gallery this winter, because it will be occupied by Kentucky's first woman legislator, Mrs. Mary Elliott Flannery, Oatlettburg. Boyd County's Representative-elect, came to Frankfort today from Louisville and picked out her seat.

BURNING CORN FOR FUEL AT ELECTRIC LIGHT PLANT

O'Neill, Nebr., Dec. 1.—The O'Neill Electric Light and Power company today began to burn corn for fuel instead of coal in its light plant, one of the largest of its kind in this section. The company found corn was cheaper and that its heating quality was satisfactory.

PROHIBITION DOES PROHIBIT

We hear the prophecy frequently
made, and sometimes by men of
prominence and authority, that the
national prohibition laws can never
be adequately enforced and that a
reaction is setting in against such
legislation as will eventually result
in a partial return to the old rum
regime. But, in most cases, the
wish is father of the thought,—the
wish to satisfy a misguided desire
to exercise a much-vaunted but un-
founded claim of "personal liberty."
But no individual has the right, per-
sonal or collective, to wreck the
health, fortune, life and soul of him-
self or his fellow man. And no fair-
minded observer can fail to see that
even the most perfect enforcement of
the liquor laws as at present, is of
incalculable benefit to the nation. It
will take time and patience, but the

better instincts of the nation are
sure to triumph.

However the battle will be cruelly
long and sanguinary, if the friends
for law enforcement are not up and
doing. There is yet a loophole into
which the liquor interests are seek-
ing to insert an opening wedge in
the form of Congressional modifica-
tion of the legal percentage of
alcohol permitted in beverages. An
effort will undoubtedly be made in
the next Congressional election to
send Representatives and Senators
to Washington who will favor a
"light wine and beer" modification
of the Volstead Act. If prohibition
is good for America, an honest,
whole-hearted brand is the only kind
which should be tolerated. Tilt the
lid a little and the miserable story
of the ages will be retold with ad-
ded horror. It will be the privilege
and the duty of the people next fall
to say to the world, by sending "dry"
representatives to the halls of Con-
gress, that America will, by the
grace of God, be a law-abiding and
sober nation.

The outcome of the Disarmament
Conference will be momentous to
the future of the world, but its pos-
sible practical failure would not
mean the irretrievable wrecking of
the hopes of mankind. Such sacri-
legious grandiloquence as the state-
ment of Gov. Morrow in regard to
the Conference, published in the
Literary Digest, that "A drama as
great in its possibilities for the
children of men as the crucifixion of
the Son of Man is in progress in the
Capital of the Republic," is absurd,
if not pernicious in its influence.
Such a straining to glorify his party
goes is enough to call Marse Henri's
feathered friend from his woodland
retreat.

The principal results which pre-
sent developments indicate may be
hoped for from the Disarmament
Conference are substantial reduction
of naval armaments, a tacit agree-
ment to leave the question of land
forces in the status quo, an agree-
ment by the Great Powers to really
safeguard China's sovereignty, the
substitution of a, perhaps loosely
binding but none the less tangible,
accord between America, Britain
and Japan for the old Anglo-Japa-
nese alliance and confirmation of
the belief that the League Covenant,

with reasonable modifications, is the
only available practical means of re-
ducing the probability of war to a
minimum. The reduction of arma-
ment by the leading nations will be
a great step forward, but world-wide
co-operative insurance against war
can only be attained through some
such positive, workable, enforceable
covenant as the League of Nations.
But if the present conference only
approximates the results above indi-
cated, it will have been immeasur-
ably worthwhile and its sponsors will
deserve enduring fame.

Our newly elected Representative
is to be commended upon his appar-
ent desire to advise with his con-
stituents in regard to prospective
legislation at the next session of the
General Assembly. He is now, or
soon will be, "our" Representative
and we, in common with all good
citizens, are interested in his opin-
ions on public questions and the
course he will take at Frankfort.
His good record or bad will reflect
credit or discredit upon the good
county he represents. Self interest
as well as civic pride dictate our
fullest co-operation.

BASKET BALL SATURDAY NIGHT DECEMBER 10

Caneyville "Yellowjackets" vs. Hart-
ford High

This is the second game of the
season on the home court. Don't
fail to see it because it promises to
be a fast game and they say that
the "Yellowjackets" have a sting.
Line-up for Hartford as follows:
Crowe and Shultz, forward; Bartlett,
center; Likens and Bennett, guards;
Baird, sub.
Game starts 7:30. Admission 25c.

INTERESTING MEETING METHODIST LADIES' AID

The Ladies' Aid Society of the
Hartford Methodist Church held a
most successful meeting at the home
of Mrs. Rowan Holbrook Monday
afternoon. The hostesses were Mrs.
Holbrook, Mrs. T. W. Sharer and
Miss Mary Rowe who proved to be
adepts in the art of entertainment.
The outstanding feature of the pro-
gram was a talk by Mrs. McHenry
Holbrook, who has been a resident
of the Far East for a number of

years, upon the manners, and cus-
toms of the Orient with special
reference to the status of women.
She appeared in Japanese costume
and exhibited a number of interest-
ing curios from that country. Mrs.
Rowan Holbrook and Miss Winnie
Simmerman were also garbed in the
Nipponese native costume. The
whole program was fittingly charac-
terized by the subject of the prin-
ciple speaker, "Glimpses of the Far
East."

Near the close of the pleasant af-
ternoon a delicious luncheon was
served. Each one of the twenty-five
ladies present bore eloquent testi-
mony to the success of the meeting.

Rev. Russell Walker filled his
usual appointments at the local Bat-
tist Church, Sunday morning at
10:45 and Sunday evening at 6:45.
Fair sized audiences heard and ap-
preciated the instructive sermons
delivered by Rev. Walker.

JEWELRY

is the most appreciated gift be-
cause it is so useful and lasts so
much longer than any other
gift. We have increased the
quality and quantity of gifts
each year and this year is no
exception. We can please you
in a present for anyone.
We have anything usually kept
in a first class jewelry store and
prices are reduced this year.
Come early for we are laying
them back now.

Hartford, Ky.

HARTFORD DEFEATS CLARKSON

The Hartford High School basket
ball team defeated the fast Clarkson
High School aggregation at Dr.
Bean's Opera House Saturday night
to the tune of 36 to 18. This was
the second time the two teams had
tied up this season, the Grayson
county boys winning the first ses-
sion. The Clarkson team was one
of the only two teams which suc-
ceeded in taking the scalps of the
locals last year and had not been
defeated in three years. Consequent-
ly Hartford's victory Saturday night
was doubly sweet.

The game was hard-fought from
start to finish and was rather rough,

but the spirit of true sportsmanship
prevailed throughout. The game
was called by Mr. Harry May in his
usual impartial and competent man-
ner. The individual stars of the
game for the locals were probably
Crowe and Bartlett, but each of the
other players gave a good account
of himself. The local line-up was
Virgil Crowe and Junior Shultz, for-
wards; Ersel Bennett and Arnold
Likens, guards, and Earl Bartlett,
center.

We prophesy that our team will,
with experience and practice, equal
and, perhaps, surpass that of last
year, for it has in its personnel the
making of an A-1 quintette.

Yours very truly,

Carson & Co
Hartford, Ky.

Accord is Up to Experts; American Standing For On 5-5 3

Washington, Nov. 29.—Experts of the "Big Three" naval powers agreed today that they could not reach an accord on the basis of calculation to be used in measuring Japan's existing relative naval strength.

They gave up the task and turned the problem back to their respective delegations to the arms conference. On its solution hangs the fundamental principle of the American Naval limitation proposal, the "five-five-three capital ship ratio."

The experts were substantially in agreement as to the accuracy of estimates of naval strength of each Power originally submitted by the American conference group if the American plan of including all ships actually under construction in arriving at the ratio, was followed.

The Japanese experts, however, insisted to the last that this was not the proper basis of calculation, proposing instead to disregard all ships now building by either Power as determining relative naval strength.

U. S. Will Stand Firm
The plenary delegates of the two Powers will continue the discussion from this point, illuminated by such light as the studies of the experts have been able to throw on the technical questions involved.

Firm determination of the American delegation to insist upon the five-five-three ratio and inclusion of ships building in any estimate of naval strength was reiterated tonight on authority. The purpose of the Japanese delegation was not disclosed.

Since no call for an executive session of the conference delegates or for further meetings of the experts was issued, it was assumed that an attempt to settle the point by informal interchanges between the American and Japanese delegates themselves was in progress and might last several days.

Anglo-American Optimistic
There was a strong feeling in American and British circles that Japan ultimately would accept the American method of calculation and the "five-five-three ratio," not insisting on a "ten-ten-seven" ratio instead.

This was based on the definite conclusion of the British and American experts that the Japanese naval officers had been unable to show any sound claim to a seventy per cent status on the basis of figures they have been able to present.

There was expectation, however, that to any offer by the Japanese group to accept the "five-five-three ratio" would be coupled a condition as to an agreement on naval bases in the Pacific. That question has not been injected into the conference as yet in any form.

As a matter of fact, the subcommittee of naval experts quit where they started at the capital ship ratio. It is known that in two weeks of technical discussion they have not touched on any other point involved in the American plan of limitation.

All Other Topics Deferred
All such items as the ten-year

submarines, proportional tonnage in auxiliary craft of various kinds and the like were deferred until the capital ship ratio problem was solved. The conference on limitation of armament still stands tonight, so far as its major objective—the naval agreement—goes, at that point.

In Japanese circles urgent pleas to support the Japanese claim for a 70 per cent ratio were put forward, but they were based almost wholly on questions of national security and not on claims as to present strength of the two navies.

The only compilation of figures presented to support the 70 per cent estimate was that already authoritatively rejected by the American delegation, exclusion of all ships under construction from the calculation and inclusion by Japan of pre-dreadnaughts more than twenty years old.

DEMOCRATIC CONFERENCE ON NEW LEGISLATION
Louisville, Dec. 3.—Laws serving all of the people, with special privileges to none, were urged by speakers at the Democratic conference at The Seelbach Wednesday afternoon and evening, attended by the Democratic members-elect of the General Assembly, the State Central and Executive Committees, and leaders throughout the State. The conference adjourned shortly before 10 o'clock last night.

RECORD AT OWENSBORO
Owensboro, Ky., Nov. 30.—The greatest rush in the history of the Owensboro tobacco market continues.

More than 600,000 pounds of Green River tobacco were sold today at a general average of \$17.33 per 100 pounds. The growers were paid \$105,349.99.

There are probably 200 loads of tobacco on the streets of Owensboro tonight waiting to be unloaded.

Notwithstanding the unprecedented rush, the prices are steady and from \$10 to \$11 higher than last year.

UNITED STATES DESTROYER HAS GONE ASHORE

San Francisco, Dec. 1.—Four seamen came ashore safely from the Destroyer De Long, which went ashore early today on the rocks near Half Moon bay, California. Early in the afternoon the destroyer swung broadside against the shore and began to pound badly, according to reports from the scene. The officers and crew number about 100 men.

666 is a prescription for Colds, Fever and LaGrippe. It's the most speedy remedy we know. 49-15t

THE "FIRST SCHOOL OF JOURNALISM" IN AMERICA

Bulletin, 1918, No. 21, published by the U. S. Bureau of Education, is entitled INSTRUCTION IN JOURNALISM IN INSTITUTIONS OF HIGHER EDUCATION. It was written by Professor James Melvin Lee, Director of the Department of Journalism of New York University, and is an authoritative history of the origin and development of journalism as a learned profession.

The world has been so dazzled by the military career of General Robert E. Lee, that few, even in the South, are aware of his genius and wisdom as a great educator.

In an age when college education consisted mainly of classical and philosophical studies, his first step at Washington College was to establish a practical school of civil and highway engineering to rebuild the devastated South. With even greater originality and foresight, he became in 1869, a generation ahead of his times, the founder, in America, of Journalism as a learned profession.

The story of this first American School of Journalism is thus given in the opening paragraphs of the U. S. Bulletin above referred to. The reconstruction period of American history saw the first attempt on the part of an institution of higher education to add technical instruction in journalism to the curriculum. Strangely enough, the attempt was made in the South, at what was then known as Washington College, but what is today Washington and Lee University. Gen. Robert E. Lee had been made president of this college, and was seeking to train the youth of the South, not in the ways of war but in those of peace. Convinced that the press could aid greatly in the solution of the problems then confronting the South, he sent to the board of trustees of Washington College the following recommendation on March 30, 1869:

I beg leave to submit for your consideration several propositions from the faculty which would not have been presented until your regular meeting in June but for the fact that, should they receive your approbation, the necessary changes in the catalogue of the present session, now preparing for publication, will be made.

The proposition recommending the institution of 50 scholarships for young men proposing to make printing or journalism their profession.

I will only add that all the foregoing subjects have been maturely considered by the faculty and have received their unanimous assent.

Respectfully submitted,
R. E. LEE,
President W. C.

The board of trustees, upon the receipt of President Lee's letter, adopted the following resolutions, already passed by the faculty of Washington College:

Resolved, That the board of trustees be requested to authorize the faculty to appoint to scholarships, to be called ——— scholarships, not exceeding 50 in number, young men intending to make practical printing and journalism their business in life, such scholarships to be free from tuition and college fees on condition that, when required by the faculty, they shall perform such disciplinary duties as may be assigned them in a printing office or in other positions in the line of their profession for a time equal to one hour in each working day.

Resolved, That the board of trustees be requested in order to carry the foregoing provision into effect, to make such arrangements for or with a printing office as may afford practical instruction and, so far as practicable, compensated employment in their business to such young men.

At the June meeting of the board the faculty reported, on press scholarships, that a "limited number of boys can receive instruction in the printing office of Messrs. Lafferty & Co., in this town, for the present, without charge or cost to the college." Notices about such instruction in journalism appeared in the catalogue of Washington College until 1878.

Two points in this—the first announcement of any "school of journalism," deserve special attention: First, practical instruction was to supplement the work of the classroom; second, the use of the proposition "for" in "to make such arrangements for or with a printing office as may afford practical instruction" shows clearly that Gen. Lee had a vision of a printing plant that might, at a later date, be installed at Washington College.

The suggestion that technical instruction in journalism be provided at Washington College was not welcomed by the fourth estate of the time. Frederic Hudson, the managing director of the New York Her-

Me-o-my, how you'll take to a pipe—and P. A.!

Before you're a day older you want to let the idea slip under your hat that this is the open season to start something with a joy's jimmy pipe—and some Prince Albert!

Because, a pipe packed with Prince Albert satisfies a man as he was never satisfied before—and keeps him satisfied! And, you can prove it! Why—P. A.'s flavor and fragrance and coolness and its freedom

from bite and parch (cut out by our exclusive patented process) are a revelation to the man who never could get acquainted with a pipe! P. A. has made a pipe a thing of joy to four men where one was smoked before!

Ever roll up a cigarette with Prince Albert? Man, man—but you've got a party coming your way! Talk about a cigarette smoke; we tell you it's a peach!

Prince Albert is sold in tippy red bags, tidy red tins, handsome pound and half pound tins, humidor and in the pound crystal glass humidor with sponge moisture top.

Accord is Up to Delegates; American Standing Not On 5-5 3

Washington, Nov. 29.—Experts of the "Big Three" naval powers agreed today that they could not reach an accord on the basis of calculation to be used in measuring Japan's existing relative naval strength.

They gave up the task and turned the problem back to their respective delegations to the arms conference. On its solution hangs the fundamental principle of the American Naval limitation proposal, the "five-five-three capital ship ratio."

The experts were substantially in agreement as to the accuracy of estimates of naval strength of each Power originally submitted by the American conference group. If the American plan of including all ships actually under construction in arriving at the ratio, was followed.

The Japanese experts, however, insisted to the last that this was not the proper basis of calculation, proposing instead to disregard all ships now building by either Power is determining relative naval strength.

U. S. Will Stand Firm
The plenary delegates of the two Powers will continue the discussion from this point, illuminated by such light as the studies of the experts have been able to throw on the technical questions involved.

Firm determination of the American delegation to insist upon the five-five-three ratio and inclusion of ships building in any estimate of naval strength was reiterated tonight on authority. The purpose of the Japanese delegation was not disclosed.

Since no call for an executive session of the conference delegates or for further meetings of the experts was issued, it was assumed that an attempt to settle the point by informal interchanges between the American and Japanese delegates themselves was in progress and might last several days.

Anglo-American Optimistic
There was a strong feeling in American and British circles that Japan ultimately would accept the American method of calculation and the "five-five-three ratio," not insisting on a "ten-ten-seven" ratio instead.

This was based on the definite conclusion of the British and American experts that the Japanese naval officers had been unable to show any sound claim to a seventy per cent status on the basis of figures they have been able to present.

There was expectation, however, that to any offer by the Japanese group to accept the "five-five-three ratio" would be coupled a condition as to an agreement on naval bases in the Pacific. That question has not been injected into the conference as yet in any form.

As a matter of fact, the subcommittee of naval experts quit where they started at the capital ship ratio. It is known that in two weeks of technical discussion they have not touched on any other point involved in the American plan of limitation.

All Other Topics Deferred
All such items as the ten-year

submarines, proportional limitations of tonnage in auxiliary craft of various kinds and the like were deferred until the capital ship ratio problem was solved. The conference on limitation of armament still stands tonight, so far as its major objective—the naval agreement—goes, at that point.

In Japanese circles urgent pleas to support the Japanese claim for a 70 per cent ratio were put forward, but they were based almost wholly on questions of national security and not on claims as to present strength of the two navies.

The only compilation of figures presented to support the 70 per cent estimate was that already authoritatively rejected by the American delegation, exclusion of all ships under construction from the calculation and inclusion by Japan of pre-dreadnaughts more than twenty years old.

DEMOCRATIC CONFERENCE ON NEW LEGISLATION

Louisville, Dec. 3.—Laws serving all of the people, with special privileges to none, were urged by speakers at the Democratic conference at The Seelbach Wednesday afternoon and evening, attended by the Democratic members-elect of the General Assembly, the State Central and Executive Committees, and leaders throughout the State. The conference adjourned shortly before 10 o'clock last night.

Resolutions adopted unanimously advocated better public schools, sufficient revenue for the University of Kentucky, a sound, conservative and effective law in aid of co-operative associations and co-operative marketing of farm products, solution of the road problem, tax reforms, extension of the house-law to cities other than those of the first-class, establishment of a Department of Labor, eligibility of women for all elective and appointive offices, improvement of penal and charitable institutions, amendment of registration and election laws and approval of the principles and recommendations of the Louisville City Government Committee.

TOBACCO RUSH BREAKS RECORD AT OWENSBORO

Owensboro, Ky., Nov. 30.—The greatest rush in the history of the Owensboro tobacco market continues. More than 600,000 pounds of Green River tobacco were sold today at a general average of \$17.38 per 100 pounds. The growers were paid \$105,349.99.

There are probably 200 loads of tobacco on the streets of Owensboro tonight waiting to be unloaded. Notwithstanding the unprecedented rush, the prices are steady and from \$10 to \$11 higher than last year.

UNITED STATES DESTROYER HAS GONE ASHORE

San Francisco, Dec. 1.—Four seamen came ashore safely from the Destroyer De Long, which went ashore early today on the rocks near Half Moon bay, California. Early in the afternoon the destroyer swung broadside against the shore and began to pound badly, according to reports from the scene. The officers and crew number about 100 men.

666 is a prescription for Colds, Fever and LaGrippe. It's the most speedy remedy we know. 49-15t

THE "FIRST SCHOOL OF JOURNALISM" IN AMERICA

Bulletin, 1918, No. 21, published by the U. S. Bureau of Education, is entitled INSTRUCTION IN JOURNALISM IN INSTITUTIONS OF HIGHER EDUCATION. It was written by Professor James Melvin Lee, Director of the Department of Journalism of New York University, and is an authoritative history of the origin and development of journalism as a learned profession.

The world has been so dazzled by the military career of General Robert E. Lee, that few, even in the South, are aware of his genius and wisdom as a great educator.

In an age when college education consisted mainly of classical and philosophical studies, his first step at Washington College was to establish a practical school of civil and highway engineering to rebuild the devastated South. With even greater originality and foresight, he became in 1869, a generation ahead of his times, the founder, in America, of Journalism as a learned profession. The story of this first American School of Journalism is thus given in the opening paragraphs of the U. S. Bulletin above referred to.

The reconstruction period of American history saw the first attempt on the part of an institution of higher education to add technical instruction in journalism to the curriculum. Strangely enough, the attempt was made in the South, at what was then known as Washington College, but what is today Washington and Lee University. Gen. Robert E. Lee had been made president of this college, and was seeking to train the youth of the South, not in the ways of war but in those of peace. Convinced that the press could aid greatly in the solution of the problems then confronting the South, he sent to the board of trustees of Washington College the following recommendation on March 30, 1869:

I beg leave to submit for your consideration several propositions from the faculty which would not have been presented until your regular meeting in June but for the fact that, should they receive your approbation, the necessary changes in the catalogue of the present session, now preparing for publication, will be made.

The proposition recommending the institution of 50 scholarship for young men proposing to make printing or journalism their profession. I will only add that all the foregoing subjects have been maturely considered by the faculty and have received their unanimous assent.

Respectfully submitted,
(Signed) R. E. LEE,
President W. C.

The board of trustees, upon the receipt of President Lee's letter, adopted the following resolutions, already passed by the faculty of Washington College:

Resolved, That the board of trustees be requested to authorize the faculty to appoint to scholarships, to be called ——— scholarships, not exceeding 50 in number, young men intending to make practical printing and journalism their business in life, such scholarships to be free from tuition and college fees on condition that, when required by the faculty, they shall perform such disciplinary duties as may be assigned them in a printing office or in other positions in the line of their profession for a time equal to one hour in each working day.

Resolved, That the board of trustees be requested in order to carry the foregoing provision into effect, to make such arrangements for or with a printing office as may afford practical instruction and, so far as practicable, compensated employment in their business to such young men.

At the June meeting of the board the faculty reported, on press scholarships, that a "limited number of boys can receive instruction in the printing office of Messrs. Lafferty & Co., in this town, for the present, without charge or cost to the college." Notices about such instruction in journalism appeared in the catalogue of Washington College until 1878.

Two points in this—the first announcement of any "school of journalism," deserve special attention: First, practical instruction was to supplement the work of the classroom; second, the use of the preposition "for" in "to make such arrangements for or with a printing office as may afford practical instruction" shows clearly that Gen. Lee had a vision of a printing plant that might, at a later date, be installed at Washington College.

The suggestion that technical instruction in journalism be provided at Washington College was not welcomed by the fourth estate of the time. Frederic Hudson, the managing director of the New York Her-

ald, when asked, "Have you heard of the proposed training school for journalism?" promptly replied, "Only casually, in connection with Gen. Lee's college, and I can not see how it could be made very serviceable. Who are to be the teachers? The only place where one can learn to be a journalist is in a great newspaper office." E. L. Godkin, of the New York Evening Post, characterized "the establishing of a special chair or the opening of a special class of journalism in college" as an absurdity. William Hyde, editor of the Missouri Republican, when asked, "Is a school of journalism possible?" replied, "For any practical good; no." The idea was too progressive for the time, when the only way to learn law then was to help an old lawyer draw up papers after the student had swept out the office in the morning; the only way to study medicine was to help a doctor of the old school to mix his pills and powders after the student had cleaned the horse and washed the buggy. Therefore, the only way to study journalism was to help a printer wash the type after the student had dumped the editor's wastebasket. But Gen. Lee had a vision, and he tried to make his dream come true.

ACT QUICKLY

Do the right thing at the right time.

Act quickly in time of danger. In time of kidney danger, Doan's Kidney Pills are most effective. Plenty of Hartford evidence of their worth.

Mrs. Ben Ellis, Mulberry St., Hartford, says: "It was about two years ago that my kidneys were giving me a good deal of trouble. I would get languid and feel tired all the time. A dull, nagging pain bothered me through my hips and back and I had spells of dizziness, at times. I also had dreadful headaches. The action of my kidneys was irregular and I was so nervous and run down, I could not do anything. I took Doan's Kidney Pills and I am so thankful for the relief obtained, I cannot praise them enough. They practically cured me of the attack at that time. I am taking Doan's Kidney Pills for a like attack, and am confident of a cure this time, too."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Ellis had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. Adv.

Summary of Excise Taxes Passed By Congress

Washington, Nov. 26.—A summary of the revised tax bill, passed by Congress and signed by President Harding follows:

Automobile trucks and automobile wagons, including parts and accessories, three per cent tax.

Other automobiles and motorcycles, including parts and accessories, five per cent.

Tires, inner tubes, parts or accessories for motor vehicles sold to any person other than a manufacturer or producer of motor vehicles, five per cent.

Cameras, weighing not more than 100 pounds, and lenses for such cameras, ten per cent.

Photographic films and plates (other than moving picture films), five per cent.

Candy, three per cent.

Firearms, sells, &c., ten per cent.

Dirk knives, daggers, sword canes, stilettoes and brass or metallic knuckles, 100 per cent.

Ten Per Cent on Smokers' Articles

Cigar and cigarette holders or pipes, composed wholly or in part of meerschaum or amber, humidors and smoking stands, ten per cent.

Automobile slot device vending machines, five per cent, and automatic slot device weighing machines, ten per cent.

Liveries and livery boots and hats, ten per cent.

Hunting and shooting garments and riding habits, ten per cent.

Yachts and motor boats, not designed for trade or fishing or national defense, and pleasure boats and pleasure canoes, if sold for more than \$100, ten per cent.

Works of art, five per cent.

A manufacturers' tax of five per cent of so much of the price for which the following articles are sold or leased as is in excess of the price specified as to each article:

Carpets and rugs, including fiber, 4.50 per square yard in the case of carpets and \$6 per square yard in the case of rugs.

Trunks, \$35 each.

Valises, traveling bags, suit cases, hat boxes used by travelers and fitted toilet cases, \$25 each.

Purses, pocketbooks, shopping and hand bags, \$5 each.

Portable lighting fixtures, including lamps of all kinds and lamp shades, \$10 each, and fans, \$1 each.

Excise taxes now in force, the repeal of which is agreed upon, are:

Articles made of fur, ten per cent.

Musical instruments, ten per cent.

Sporting goods, including pool and billiard tables, ten per cent.

Chewing gum, five per cent.

Portable electric fans, five per cent.

Moving picture films, five per cent.

Thermos and thermostatic bottles and jugs, five per cent.

Retail (luxury) taxes on articles of clothing, umbrellas, parasols, sunshades, picture frames, carpets, rugs, trunks, valises, hat boxes, fitted toilet cases, shopping and hand bags, portable lighting fixtures and fans, costing in excess of specified amounts.

Levies on Soft Drinks

Manufacturers' taxes on soft drinks to be in lieu of the present levies, were agreed upon as follows:

Upon all beverages derived wholly or in part from cereals, two cents a gallon.

Upon all unfermented fruit juices intended for consumption as beverages with the addition of water and sugar, and upon all imitations of such fruit juices, and upon all carbonated beverages (except cereal) two cents a gallon.

Upon all still drinks (except pure apple cider), two cents a gallon.

Upon all natural or artificial mineral waters or table waters, sold by the producer at more than twelve and one-half cents a gallon, two cents a gallon.

Upon all carbonic acid gas sold for use in the preparation of soft drinks, four cents a pound.

Upon all finished or fountain syrups for use in compounding soft drinks, nine cents a gallon.

The conferees passed over for further discussion the provision imposing a tax of five cents a gallon on finished syrups used in the manufacture of beverages sold in bottles or other closed containers.

After limiting it to admissions to moving-picture shows the conferees agreed to the senate amendment providing that no admission tax shall be collected where the charge does not exceed ten cents.

and other relatives and friends to mourn for her.

Rev. R. E. Fuqua, who is in a series of meetings at Rockport, Ky., filled his regular appointment here Saturday. He called in the appointment on Sunday on account of the meeting in progress.

Rev. Gary, of Muhlenberg County, who has been assisting Rev. W. T. Lawrence in a wide-awake meeting, at Liten school house, attended church here Saturday.

There were sixteen professions of religion in this meeting up until last Saturday.

MAXWELL

Nov. 28.—Jesse Newcomb, who has been in Union County for the past five weeks, returned to his home here, Saturday.

Mrs. Annie Johnson is spending the week with her daughter, Mrs. Ella Abel, of Owensboro.

Miss Pearl Mackey, of Beech Grove, was a week-end guest of her sister, Mrs. Robert Louis.

Miss Ella Crowe spent Thanksgiving with her brother, A. N. Crowe of Livermore.

Farmers of this vicinity are very busy stripping tobacco.

Mr. Bryant Wright, of Virginia, is spending a few days with his parents, Mr. and Mrs. D. W. Wright.

Mr. and Mrs. Homer Atherton, of Browder, visited relatives here the past week.

RESOLUTIONS OF RESPECT

Forty-nine years, six months and seven days ago God sent a tiny bud to the home of Mr. and Mrs. Jimmie Hoover to gladden their hearts. This bud grew and bloomed into girlhood and then into motherhood to shed its sweetness in and around her home circle, but as she was nearing her fiftieth year, the death angel came and gathered this flower to be transplanted in the beautiful garden at the feet of the God who gave it.

On the 7th day of Nov., 1921, the spirit of Sov. Arabelle Brooks took its flight to the city paved with gold, therefore be it

Resolved, That Silver Leaf Grove No. 139 W. C. has lost a beautiful character and faithful member.

Resolved, That we extend our heartfelt sympathy to the bereaved family and commend them to God who is ever ready to comfort those who sorrow.

Resolved, That a copy of these resolutions be handed the family, a copy sent to the county paper, one spread on our record and one sent to our official paper, Monthly Tidings.

IDA KING,
ABBIE BLAIR,
CARRIE TURNER.
Committee.

\$90,000,000 WORTH OF LIBERTY BONDS SOLD IN LAST FIVE DAYS

New York, Nov. 26.—The remarkable activity and strength of the investment situation, is expressed by this week's bond market, was a source of general satisfaction in financial circles.

Dealings in bonds at all times overshadowed the business transacted in the stock market, although the turnover in share list was unusually large and diversified.

Total sales of bonds on the stock exchange without taking private transactions into account, approximately \$90,000,000 par value. But for the holiday (Thanksgiving) recess, the aggregate doubtless would have been well beyond \$100,000,000.

11 PUPILS AND DRIVER DIE, 4 HURT IN CRASH

Red Bluff, Calif., Nov. 30.—Eleven high school students and the driver of an automobile bus in which they were riding were killed today south of here at the Proberta crossing when Southern Pacific train No. 15, southbound, struck the conveyance. Four other children were injured.

The bus, enroute with children to school, had suffered an accident and was behind schedule. Two drivers were sent from the school to bring it in.

Another bus crossed ahead of the train, but this one, following closely behind in a dense fog, was struck squarely and hurled into a block signal.

Enclosed in the car, the children were unable to escape and their bodies were hurled in all directions. The injured children are not expected to live.

Illinois Central System Points to Its Leadership In Passenger Service

The existence of a railway system is justified by its ability to serve the public with transportation. The measure of its service is the measure of its worth. As one example of its high standing, the Illinois Central System invites the attention of the public to those things which are indicative of its capacity for efficient passenger transportation service.

Much depends upon personnel. As an organization the Illinois Central System is composed of a body of 60,000 faithful and efficient workers. Its officers have advanced through the ranks of the service, thus acquiring the practical experience for intelligent supervision. The efforts of the organization are concentrated on making the Illinois Central System, in point of service, the outstanding railway system in the United States; and that means in the world, for American railroads have long held, and continue to hold, the leadership of the world in efficient transportation service.

Much depends upon equipment. Up-to-date and well-maintained equipment is the first essential to passenger service of the high type which the Illinois Central System strives to give at all times. For years the Illinois Central System has been a leader among the railway systems in adding to its equipment, keeping its equipment well maintained and developing its roadway facilities.

The Illinois Central System is a leader in the amount of steel passenger equipment in use. Sixty per cent of the passenger cars on the Illinois Central System are of all-steel or steel-underframe construction. Steel cars are expensive, but they are a generally recognized factor for the safety and comfort of passengers.

The latest figures available show the percentage of all-steel and steel-underframe passenger cars in service on the railroads of the country as a whole to be less than 39 per cent.

The passenger on the Illinois Central System is assured of a safe, comfortable trip in a car of good construction and modern convenience, over a smooth-riding track of heavy rail and ties, fully ballasted and well maintained, hauled by a locomotive of sufficient power and in such a condition of maintenance as to give every reasonable assurance of scheduled movement.

For the most part, each locomotive is regularly assigned to the same engineer, who takes a personal pride in its condition. This is believed to be one of the reasons for the small number of engine failures on the Illinois Central System, a record which is outstanding among the railroads of the country.

The regularity with which Illinois Central System passenger trains maintain their schedules indicates the high order of our passenger service. The percentage of passenger trains maintaining schedule, by months, for 1920 and the current year to November 1 follows:

	1920	1921
January	93.4	97.8
February	96.4	98.5
March	94.0	98.3
April	93.4	98.5
May	94.2	99.2
June	96.4	99.1
July	96.9	99.1
August	96.8	99.1
September	96.7	98.6
October	97.3	98.1
November	97.0	98.1
December	98.8	98.1
Average	95.5	98.6

The patrons of the Illinois Central System find courteous and sympathetic attention in every department. Employees take great pride in our reputation for courtesy.

Service is now the only basis of competition among the railroads. Since rates are standardized, the Illinois Central System cannot offer rate bargains to command patronage, but it can offer—and it is constantly developing—the organization, equipment and facilities for unusual service.

Constructive criticism and suggestions are invited.

C. H. MARKHAM,
President, Illinois Central System.

NEIGHBORHOOD NEWS.

PRENTISS

Nov. 25.—Mr. Otis Taylor, of Jackson City, Tenn., is visiting his father, Mr. H. B. Taylor, and other relatives, near here.

Mrs. A. T. Gardner, son, Mr. Carl and daughter, Miss Mary Ruth, of Yost, Ky., and Mr. and Mrs. Hugh Willis, of Rochester, visited Mr. and Mrs. Albert Patterson last Sunday week.

Mrs. A. C. Stevens returned last week from an extended visit with relatives in Texas.

Mr. W. L. Shultz is building a new dwelling house on his farm near here.

Little Jim Brown, who has been sick of scarlet fever and ptyphoid, is improving at this writing.

Mr. Clifton Taylor and family, of Princeton, Ind., are visiting relatives near here.

Messrs. John Patterson and Herbert Southard went to Hartford on business one day last week.

Mrs. Tilden Drake returned last Tuesday from a visit with relatives at Linton, Ind.

OAK GROVE

The men of this vicinity are very busy stripping and delivering tobacco.

Miss Minnie Gentry, of near Narrows, visited her niece, Miss Gerlie Mac Blacklock from Friday until Sunday afternoon.

Messrs. Irvin and Edgar Muffett, of near Narrows, were Sunday guests of their sister, Mrs. C. G. Thomas, and Mr. Thomas.

Mrs. Luanna Rowan, teacher of Cedar Grove School and several wagon-loads of her pupils came over Friday evening to cipher against New Baymus School. Our teacher, Mr. M. T. Gentry, and Mrs. Rowan each picked 29 of their best pupils. New Baymus came off victorious with two pupils left. This is the second time we have defeated Cedar Grove this fall.

Mr. and Mrs. Leonard Hale, of— were Sunday guests of Mr. and Mrs. S. S. Boswell.

UNION

Miss Ella Taylor left last Monday, Nov. 21st, for Herrin, Ill., where

she is to be the guest of her brother, Mr. Noble Taylor.

Miss Marie Brown, who has been attending school at Centertown, is at home on the sick list.

Miss Imogene Plummer, who is teaching school at Victory, spent the week-end with her mother, Mrs. Mattie Plummer.

Mr. George Ferguson and daughter, Tina, who have been visiting the family of Mason Taylor for the past ten weeks, have returned to their home in Avard, Oklahoma.

Mr. Harrison Austin, mention of whose illness appeared in these columns a few weeks ago, is still confined to his bed.

Messrs. Hayward Stevens and Tolbert Arbuckle, spent the week-end with the latter's parents at Central City.

Miss Lucy Chick, Beaver Dam, spent Saturday night and Sunday the guest of Miss Thelma Arbuckle.

Mr. Cleo Westerfield, Liberty neighborhood, spent Saturday night with Earlhart and Carol Stevens.

Mrs. John Blankenship is confined to her bed with "grip."

Mr. John W. Stevens, Detroit, Mich., is the guest of his brother, Mr. Otis Stevens, at this writing.

EQUALITY

Mrs. J. I. Leach and little son, Albert Earnest, Kirby, Ark., formerly of Central City, arrived Monday, Nov. 21st, for a few weeks visit to her parents, Mr. and Mrs. J. R. Hunter, and other relatives in this and Daviess County.

Mr. and Mrs. Will Carter received a message notifying them of the serious illness of their little niece, who was thought to be dying at the home of her parents, Mr. and Mrs. McIntyre, near McHenry.

Mr. and Mrs. Lucian Bullock and children spent Saturday and Sunday with his parents, near South Carrollton.

Mr. S. E. Hunter went to Hartford Saturday.

Mrs. Ollie Hill, of Hartford, spent the week-end with her parents, Mr. and Mrs. M. P. Maddox.

Mrs. Bettie Fulkerson, of Hartford, was a guest of her sister, Mrs. Will Bullock, last week.

Mrs. Tom Miller died at her home in Kronos, of blood poison caused by bonefelson Saturday, Nov. 19th, was interred in Equality Cemetery on Sunday. She leaves her husband and nine children, one of which

Summary of Excise Taxes Passed By Congress

Hartford, Nov. 26.—A summary of the revised tax bill, passed by Congress and signed by President Harding follows:

Automobile trucks and automobile wagons, including parts and accessories, three per cent tax.

Other automobiles and motorcycles, including parts and accessories, five per cent.

Tires, inner tubes, parts or accessories for motor vehicles sold to any person other than a manufacturer or producer of motor vehicles, five per cent.

Cameras, weighing not more than 100 pounds, and lenses for such cameras, ten per cent.

Photographic films and plates (other than moving picture films), five per cent.

Candy, three per cent.

Firearms, sells, &c., ten per cent.

Dirk knives, daggers, sword canes, stilettos and brass or metallic knuckles, 100 per cent.

Five Per Cent on Smokers' Articles

Cigar and cigarette holders or pipes, composed wholly or in part of meerschaum or amber, humidors and smoking stands, ten per cent.

Automobile slot device vending machines, five per cent, and automatic slot device weighing machines, ten per cent.

Liveries and livery boots and hats, ten per cent.

Hunting and shooting garments and riding habits, ten per cent.

Yachts and motor boats, not designed for trade or fishing or national defense, and pleasure boats and pleasure canoes, if sold for more than \$100, ten per cent.

Works of art, five per cent.

A manufacturers' tax of five per cent of so much of the price for which the following articles are sold or leased as is in excess of the price specified as to each article:

Carpets and rugs, including fiber, 450 per square yard in the case of carpets and \$6 per square yard in the case of rugs.

Trunks, \$35 each.

Valises, traveling bags, suit cases, hat boxes used by travelers and fitted toilet cases, \$25 each.

Purses, pocketbooks, shopping and hand bags, \$5 each.

Portable lighting fixtures, including lamps of all kinds and lamp shades, \$10 each, and fans, \$1 each.

Excise taxes now in force, the repeal of which is agreed upon, are:

Articles made of fur, ten per cent.

Musical instruments, ten per cent.

Sporting goods, including pool and billiard tables, ten per cent.

Chewing gum, five per cent.

Portable electric fans, five per cent.

Moving picture films, five per cent.

Thermos and thermos bottles and jugs, five per cent.

Retail (luxury) taxes on articles of clothing, umbrellas, parasols, sunshades, picture frames, carpets, rugs, trunks, valises, hat boxes, fitted toilet cases, shopping and hand bags, portable lighting fixtures and fans, costing in excess of specified amounts.

Levies on Soft Drinks

Manufacturers' taxes on soft drinks to be in lieu of the present levies, were agreed upon as follows:

Upon all beverages derived wholly or in part from cereals, two cents a gallon.

Upon all unfermented fruit juices intended for consumption as beverages with the addition of water and sugar, and upon all imitations of such fruit juices, and upon all carbonated beverages (except cereal), two cents a gallon.

Upon all still drinks (except pure apple cider), two cents a gallon.

Upon all natural or artificial mineral waters or table waters, sold by the producer at more than twelve cents and one-half cents a gallon, two cents a gallon.

Upon all carbonic acid gas sold for use in the preparation of soft drinks, four cents a pound.

Upon all finished or fountain syrups for use in compounding soft drinks, nine cents a gallon.

The conferees passed over for further discussion the provision imposing a tax of five cents a gallon on finished syrups used in the manufacture of beverages sold in bottles or other closed containers.

After limiting it to admissions to moving-picture shows the conferees agreed to the senate amendment providing that no admission tax shall be collected where the charge does not exceed ten cents.

NEIGHBORHOOD NEWS.

PRENTISS

Nov. 25.—Mr. Otis Taylor, of Jackson City, Tenn., is visiting his father, Mr. H. B. Taylor, and other relatives, near here.

Mrs. A. T. Gardner, son, Mr. Carl and daughter, Miss Mary Ruth, of Yost, Ky., and Mr. and Mrs. Hugh Willis, of Rochester, visited Mr. and Mrs. Albert Patterson last Sunday week.

Mrs. A. C. Stevens returned last week from an extended visit with relatives in Texas.

Mr. W. L. Shultz is building a new dwelling house on his farm near here.

Little Jim Brown, who has been sick of scarlet fever and pph- is improving at this writing.

Mr. Clifton Taylor and family, of Princeton, Ind., are visiting relatives near here.

Messrs. John Patterson and Herbert Southard went to Hartford on business one day last week.

Mrs. Tilden Drake returned last Tuesday from a visit with relatives at Linton, Ind.

OAK GROVE

The men of this vicinity are very busy stripping and delivering tobacco.

Miss Minnie Gentry, of near Narrows, visited her niece, Miss Gertrude Mac Blacklock from Friday until Sunday afternoon.

Messrs. Irvin and Edgar Muffett, of near Narrows, were Sunday guests of their sister, Mrs. C. G. Thomas, and Mr. Thomas.

Mrs. Luanna Rowan, teacher of Cedar Grove School and several wagon-loads of her pupils came over Friday evening to cipher against New Baymus School. Our teacher, Mr. M. T. Gentry, and Mrs. Rowan each picked 29 of their best pupils. New Baymus came off victorious with two pupils left. This is the second time we have defeated Cedar Grove this fall.

Mr. and Mrs. Leonard Hale, of near Narrows, were Sunday guests of Mrs. Hale's uncle and aunt, Mr. and Mrs. T. S. Boswell.

UNION

Miss Ella Taylor left last Monday, Nov. 21st, for Herrin, Ill., where and

and other relatives and friends to mourn for her.

Rev. R. E. Fuqua, who is in a series of meetings at Rockport, Ky., filled his regular appointment here Saturday. He called in the appointment on Sunday on account of the meeting in progress.

Rev. Gary, of Muhlenberg County, who has been assisting Rev. W. T. Lawrence in a wide-awake meeting, at Liten school house, attended church here Saturday.

There were sixteen professions of religion in this meeting up until last Saturday.

MAXWELL

Nov. 28.—Jesse Newcomb, who has been in Union County for the past five weeks, returned to his home here, Saturday.

Mrs. Annie Johnson is spending the week with her daughter, Mrs. Ella Abel, of Owensboro.

Miss Pearl Mackey, of Beech Grove, was a week-end guest of her sister, Mrs. Robert Louis.

Miss Ella Crowe spent Thanksgiving with her brother, A. N. Crowe of Livermore.

Farmers of this vicinity are very busy stripping tobacco.

Mr. Bryant Wright, of Virginia, is spending a few days with his parents, Mr. and Mrs. D. W. Wright.

Mr. and Mrs. Homer Atherton, of Browder, visited relatives here the past week.

RESOLUTIONS OF RESPECT

Forty-nine years, six months and seven days ago God sent a tiny bud to the home of Mr. and Mrs. Jimmie Hoover to gladden their hearts. This bud grew and bloomed into girlhood and then into motherhood to shed its sweetness in and around her home circle, but as she was nearing her fiftieth year, the death angel came and gathered this flower to be transplanted in the beautiful garden at the feet of the God who gave it. On the 7th day of Nov., 1921, the spirit of Sov. Arabelle Brooks took its flight to the city paved with gold, therefore be it

Resolved, That Silver Leaf Grove No. 139 W. C. has lost a beautiful character and faithful member.

Resolved, That we extend our heartfelt sympathy to the bereaved family and commend them to God who is ever ready to comfort those who sorrow.

Resolved, That a copy of these resolutions be handed the family, a copy sent to the county paper, one spread on our record and one sent to our official paper, Monthly Tidings.

IDA KING,
ABBIE BLAIR,
CARRIE TURNER.
Committee.

\$90,000,000 WORTH OF LIBERTY BONDS SOLD IN LAST FIVE DAYS

New York, Nov. 26.—The remarkable activity and strength of the investment situation, is expressed by this week's bond market, was a source of general satisfaction in financial circles.

Dealings in bonds at all times overshadowed the business transacted in the stock market, although the turnover in share list was unusually large and diversified.

Total sales of bonds on the stock exchange without taking private transactions into account, approximately \$90,000,000 par value. But for the holiday (Thanksgiving) recess, the aggregate doubtless would have been well beyond \$100,000,000.

11 PUPILS AND DRIVER DIE, 4 HURT IN CRASH

Red Bluff, Calif., Nov. 30.—Eleven high school students and the driver of an automobile bus in which they were riding were killed today south of here at the Proberta crossing when Southern Pacific train No. 15, southbound, struck the conveyance. Four other children were injured.

The bus, enroute with children to school, had suffered an accident and was behind schedule. Two drivers were sent from the school to bring it in.

Another bus crossed ahead of the train, but this one, following closely behind in a dense fog, was struck squarely and hurled into a block signal.

Enclosed in the car, the children were unable to escape and their bodies were hurled in all directions. The injured children are not expected to live.

by the University of California, weighed 1,220 pounds. Last year's champion sold at \$1.75 a pound.

The number of Southern Agricultural subscriptions we have to GIVE AWAY is limited. Hurry.

Hemstitching and piecing attachment works on any sewing machine, easily adjusted. Price \$2.50 with full instructions. Oriental Novelty Co., Box 11, Corpus Christi, Texas.

The Hartford Herald, \$1.50 the year

Illinois Central System Points to Its Leadership In Passenger Service

The existence of a railway system is justified by its ability to serve the public with transportation. The measure of its service is the measure of its worth. As one example of its high standing, the Illinois Central System invites the attention of the public to those things which are indicative of its capacity for efficient passenger transportation service.

Much depends upon personnel. As an organization the Illinois Central System is composed of a body of 60,000 faithful and efficient workers. Its officers have advanced through the ranks of the service, thus acquiring the practical experience for intelligent supervision. The efforts of the organization are concentrated on making the Illinois Central System, in point of service, the outstanding railway system in the United States; and that means in the world, for American railroads have long held, and continue to hold, the leadership of the world in efficient transportation service.

Much depends upon equipment. Up-to-date and well-maintained equipment is the first essential to passenger service of the high type which the Illinois Central System strives to give at all times. For years the Illinois Central System has been a leader among the railway systems in adding to its equipment, keeping its equipment well maintained and developing its roadway facilities.

The Illinois Central System is a leader in the amount of steel passenger equipment in use. Sixty per cent of the passenger cars on the Illinois Central System are of all-steel or steel-underframe construction. Steel cars are expensive, but they are a generally recognized factor for the safety and comfort of passengers.

The latest figures available show the percentage of all-steel and steel-underframe passenger cars in service on the railroads of the country as a whole to be less than 39 per cent.

The passenger on the Illinois Central System is assured of a safe, comfortable trip in a car of good construction and modern convenience, over a smooth-riding track of heavy rail and ties, fully ballasted and well maintained, hauled by a locomotive of sufficient power and in such a condition of maintenance as to give every reasonable assurance of scheduled movement.

For the most part, each locomotive is regularly assigned to the same engineer, who takes a personal pride in its condition. This is believed to be one of the reasons for the small number of engine failures on the Illinois Central System, a record which is outstanding among the railroads of the country.

The regularity with which Illinois Central System passenger trains maintain their schedules indicates the high order of our passenger service. The percentage of passenger trains maintaining schedule, by months, for 1920 and the current year to November 1 follows:

	1920	1921
January	93.4	97.8
February	96.4	98.5
March	94.0	98.3
April	93.4	98.5
May	94.2	99.2
June	96.4	99.1
July	96.6	99.1
August	96.5	99.1
September	96.7	98.6
October	97.3	98.1
November	97.0	...
December	93.8	...
Average	95.5	98.6

The patrons of the Illinois Central System find courteous and sympathetic attention in every department. Employees take great pride in our reputation for courtesy.

Service is now the only basis of competition among the railroads. Since rates are standardized, the Illinois Central System cannot offer rate bargains to command patronage, but it can offer—and it is constantly developing—the organization, equipment and facilities for unusual service. Constructive criticism and suggestions are invited.

C. H. MARKHAM,
President, Illinois Central System.
